

## **EUGENE Synopsis**

EUGENE is a psychological thriller about a lonely bachelor who befriends a young hustler and his girlfriend, with disastrous results for all involved. "Do you know what life is? Life is whatever you want it to be!"

Eugene Prescott is a lonely man who desperately wants to make a connection with the world and people around him. Like most people he just wants to love and be loved.

Tormented by loneliness and a deep need to connect with others, Eugene searches outside of himself for the answers only to find himself more perplexed by his confused sexual tendencies and repressed childhood memories. As the shield of his denial becomes stripped away, Eugene directs his rage inward.

After a failed attempt at dating and an encounter with a hooker, Eugene's search leads him to the streets of Hollywood where he meets Josh, a young hustler who turns tricks to support a heroin habit, and Heather, a beautiful soft core porn model who dreams of starting a new life.

Determined to help the young couple change their lives, Eugene comes up with a solution that will profoundly impact the world around him and have catastrophic consequences for all of those involved.
